The Depositor's Soliloquy.

MEDICINAL.

Perry, Gs., April 14, 1879.

I have watched the use of the medicine now known as "Swift's Syphillitic Specific" over fifty years, and have never beard of a failure to cure when properly taken. I commenced the use of it on my slaves, between 185) and 1855 as also did a number of my neighbors, and in every case that came within my knowledge it effected a cure. In 1835 Geo. Walker, bought at auction a slave not warrantet. After the purchase it was discovered that he had had Syphilis for twelve years. His head was without a hair on it. He treated him with this remedy, and in tour weeks he was sound and well, and in a short time bad as fine a heed of hair as was ever owned by a negro. He owned this slave many years, and he never had any return of the disease, nor lost a day's work. H. L. DENNARD
